Ultimate Construction Inc.  
4827 Pierceville Road  
Cottage Grove, WI 53527

Dear Scott,

I wanted to express to you our appreciation for doing such a wonderful and professional construction on our new Popeyes Louisiana Kitchen Restaurant in Janesville. We have been open for business for over a month and are very pleased with the quality and strength of the building. Using the SIPS system you were able to complete the project in less than 3 months and allow us to open for business sooner than most other new construction Popeyes stores. Jim Metko, Popeyes Construction Manager, was equally impressed with the building structure and your attention to detail. We look forward to partnering with Ultimate Construction on future stores.

Sincerely,

John Feuling  
General Manager – Finance & Operations
